As all Parents/carers know, we launched Class charts in September with the hope of being able to streamline information, timetables, rewards, attendance etc… in the most efficient way for both parents and students. Thank you to all parents/carers who have downloaded the app and are using it to keep track of your child's achievements.

We would like to start using more features on the app, that will allow you as parents to keep up to date with information as soon as it is available. In order to do this effectively and to ensure all parents/carers are fully informed, we need to make sure that **ALL** parents/carers to download and use the app. We currently only have some of our parents/carers using the app, and in order for us to ensure information is getting to everyone we need it to be 100%!!!

It is now a vital time for you all to download the class charts app to ensure you do not miss any important information. We will hopefully be moving all our communications through the app by Easter time.

Please type in "Class charts PARENTS" into your app store.

If you have more than one child at the school you can use the same parent account to view achievement data for all your children. You will need 2 separate access codes which can be provided.

Please contact g.daniel@mca.manchester.sch.uk to get your "access code" and for any support

Using the Parent App – please type the link into your URL
