Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

Implementation

The Board of Trustees will delegate responsibility for overseeing the implementation of this policy to the Executive Principal/ Headteachers.

The Headteacher will have overall responsibility for ensuring that this policy is implemented in their school/ academy, and will report to the Board of Trustees as required.

Disability code of practice

Environment

The Trust's Vice Principal for Business and Operations will ensure that:

- accessibility to the Academy's premises and facilities is kept under review in accordance with the Accessibility Plan;
- any future building projects or alterations will be considered at the planning stage for accessibility and usability by people with disabilities; and
- evacuation procedures and escape routes for people with disabilities will be carefully planned and published.

Students

The Board of Trustees will ensure that applications for admission will be considered in line with the published admission arrangements for all students.

An applicant's disability will not prevent him/her from being offered a place and integrated into the Academy unless:

- The content, structure and delivery of the curriculum are such that the student would be prevented from fulfilling a major part of it; or
- The Academy would be unable to provide suitably trained staff or facilities to allow the requirements of the National Curriculum to be met.

Greater Manchester Academies trust and all its establishments aims to provide disabled students with the appropriate support to enable them to be fully integrated. This includes the reasonable provision of any aids or auxiliary services if these could alleviate any disadvantage.

Greater Manchester Academies trust and all its establishments will not treat a student with a disability less favorably than any other student and will make reasonable adjustments to ensure the full participation and integration of disabled students.

The needs of disabled students will be taken into account in the design, structure and flexibility of teaching methods and delivery. Where a curriculum area is organised in such a way that a disabled student cannot fully participate, alternative provision will be made.

Students with a disability or who become disabled whilst studying at the Academy will be given appropriate support from staff to enable them to have equal access to the curriculum. Individual needs will be considered and addressed by all curriculum areas in collaboration with the Director of Finance and Operations.

Greater Manchester Academies trust and all its establishments recognises that special arrangements may be required to enable students with disabilities, including specific learning difficulties, to exhibit their capabilities and knowledge. Special arrangements will be made to enable such students to perform to the best of their ability by meeting their individual needs.

The Academy will liaise with the relevant Examination Boards in such instances. Students and parents will be made fully aware of the process for making special arrangements for assessment and examinations by the SENCO in liaison with specific curriculum area managers and the Academy's Examinations Manager.

Staff

The Executive Principal/ Headteacher, in consultation with the Board of Trustees and in discussion with disabled staff, will endeavour to provide any aids and support that would help them to fulfil their role in the Academy, taking into account any budgetary restraints.

Disabled members of staff will be offered the same conditions of service, employment rights, promotion and training opportunities as other staff in the same roles in the Academy.

Disabled staff are encouraged to bring any complaints about their treatment as disabled staff to the notice of the Principal in the first instance. All staff may use the Academy's grievance procedure if they consider this to be the best route.

Liaison with parents

Greater Manchester Academies trust and all its establishments will ensure close liaison with families of all students with a disability through the provision of designated staff members with allocated time and effective communication skills.

Whenever appropriate, information to home will be provided in different formats to take account of disability.

Under the supervision of a senior member of staff with delegated responsibility, staff with pastoral responsibility will liaise closely with the homes of students who exhibit behavioural difficulties to determine whether they arise from disability or from domestic or social circumstances. They will report to the senior member of staff who will determine, after consultation, appropriate action.

The Accessibility Plan

The plan aims to improve access to all aspects of education within the Academy.

Our Academy's are organised in a way that:

- helps to remove any existing barriers to students;
- aims to widen the opportunities for all students in the life of the academy; and
- enables any difficulties to be overcome.

In this way Greater Manchester Academies trust and all its establishments emphasises its commitment both to the members of staff and students and its community, based on the promotion of self-respect and respect for others.

The plan has four inter-linked elements:

- a) Improvements in access to the curriculum by:
 - providing for all students a curriculum which is appropriate to them; and
 - ensuring that the curriculum is delivered in such a way that all students regardless of any impairment, may benefit fully from it.

- b) Improvements to facilities and equipment by:
 - physical improvements to increase access to education and associated facilities;
 - providing appropriate educational equipment and physical aids so that educational programmes in the Academy can be fully accessed by all students; and
 - providing appropriate aids and guidance for staff with disabilities to support their role in the Academy.
- c) Improvements to the premises by:
 - ensuring that all the Academy buildings and grounds facilities are accessible to students, staff and visitors with disabilities.
- d) Improvements to Information by:
 - providing for students and their parents, and staff, information about the Academy that takes account of disability and its curriculum in a format that takes account of any disability; and
 - improvements in the provision of information in a range of formats.

Reasonable adjustments

The Disability Discrimination Act (1995) states that an employer must make “reasonable adjustments” to allow an individual to be employed. These adjustments may include:

- adaptations to premises
- re-allocating some duties
- altering hours
- finding alternative accommodation
- rehabilitation leave
- training
- modifying equipment
- modifying instructions or manuals
- modifying assessment or testing procedures
- providing a reader or interpreter
- providing supervision

The Special Needs and Disability Discrimination Act (SENDDA) obliges schools to make reasonable adjustments to enable disabled students to have access to the Academy’s curriculum, premises, facilities and equipment.

The Equality Act 2010 provides that schools should provide any aids or auxiliary services if these could alleviate any disadvantages.

This Accessibility Plan should be read in conjunction with the following Academy policies;

- Equal Opportunities Policy
- Health and Safety Policy
- SEN and Disabilities Policy
- Admissions Policy
